# INTELLIGENCE ANALYSIS TRAINING

## Foundations of Intelligence Analysis Training (FIAT)

Level of Instruction: **BASIC**

The International Association of Law Enforcement Intelligence Analysts (IALEIA) and the Association of Law Enforcement Intelligence Units (LEIU) are offering intelligence analysis training. The FIAT course is a basic level, five-day (40 hour) course that covers the following topics...

### Introduction to Intelligence Analysis

- Introduction to Intelligence
- The Intelligence Cycle
- Legal Issues and Ethics
- Sources of Information
- Core Competencies
- National Criminal Intelligence Sharing Plan

### Intelligence Analysis as a Thought Process

- Creative Thinking
- Critical Thinking
- Logic and Inference Development
- Analysis of Competing Hypotheses
- Recommendations Development

### Analytic Methods and Skills

- Crime Analysis
- Indicator Development
- Association Analysis
- Communication Analysis
- Flow Analysis
- Financial Analysis
- Strategic Analysis
- Products of Intelligence
- Resources and Reference

- The FIAT curriculum is guided by the **National Criminal Intelligence Sharing Plan (NCISP)** and the IALEIA/Global Justice Information Sharing Initiative's **Law Enforcement Analytic Standards**
- The FIAT course is intended for sworn and non-sworn law enforcement, as well as regulatory, military, and certain private sector analytic personnel (with approval).
- Course instructors are **experienced, working analysts with instructor training**.
- Course cost is \$750 per student—IALEIA/LEIU members pay \$600 at a discount.

Interested in hosting or attending a FIAT course?  **Contact the FIAT Manager!**
